ICNBME-2013 aims at bringing together scientists and engineers dealing with fundamental and applied research in the fields of nanotechnologies and biomedical engineering for reporting on the latest theoretical developments and applications.

TOPICS

Contributing papers are called in the following areas:

- Nanotechnologies and nanomaterials;
- Plasmonics and metamaterials;
- Nanotechnologies and nanocomposites for space applications;
- Sensors and transducers;
- Biophysics;
- Biomedical instrumentation and devices;
- Tissue and molecular engineering;
- Health care management;
- Medical imaging and signal processing;
- Radiation protection and dosimetry, biological effects of radiation;
- Biomedical engineering education;
- Information technologies for health care, telemedicine and e-health.

SUBMISSION OF PAPERS

Contributed papers should be subscribed on four-six pages to be submitted by e-mail in Microsoft Word format to icnbme@mail.utm.md. The information about demands can be found on the site www.icnbme.sibm.md
